FA Farm Assured.

## **SPECIAL NOTE TO BUYERS:**

Buyers who anticipate purchasing a large number of lambs are advised to approach the auctioneers prior to the start of the sale, who will then make every effort to assist in the after sale penning requirements. The auctioneers are willing to assist buyers from away who may require help with arrangements for overnight accommodation, lairage and haulage.

## **LAIRAGE**

Sheep can be lairaged overnight by arrangement within the Auction or Auction Fields. Please inform the office staff of likely collection time of your stock and give contact number of haulier being used. Arrangements for lairage should be made with either of the auctioneers Stephen Dennis, Greg MacDougall or Yard Foreman Jonathan Corless (Tel:- 07764346444)

**DIPPING:** All lambs must have been dipped or treated with scab approved product within 28 days of sale.

**EID TAGS:** All lambs must be double tagged, with one Electronic Tag (preferably top of near side ear) with matching ordinary tag. Vendors please note that auctioneers shall not be liable in any way for any deficiencies in either the vendor's tagging of his sheep nor the reading equipment being used in accordance with the EID regulations nor any reading or print out produced by said equipment as stated by the LAA.

**CONDITIONS OF SALE:** All Stock are sold under the National Conditions of Sale as recommended by the Livestock Auctioneers Association, as displayed in the Auction Mart Office.

# Welsh Farm Supplies

[www.welshfarmsupplies.co.uk](http://www.welshfarmsupplies.co.uk)

Farm Supplies Ltd and the branded products Welsh Farm Supplies produce bespoke products for their existing customer needs.

The company subsequently found out the deficiencies in Wales are the same in most parts of the UK and Ireland, making the range suitable for all.

The products have outperformed what our customers were already using and in nearly all cases have been cheaper to use.

For over 20 years Bryan Hammatt has been dealing with hundreds of farms, 85% of them in Wales, the company recognised there was a need for products to be more targeted, with the relevant ingredients for their actual deficiencies, and Welsh Farm Supplies was born.

“After a 2 year study into the nutritional products my customers were using in Wales, I decided to make a drench specifically for their needs.

This range is now being used all over the UK and Ireland.

Most of the market leading drenches have a very long list of ingredients in them, the majority of which you do not actually need. This product is targeted with a higher level of ingredients of what you are deficient in along with what compliments what you are deficient in.

Dosage rates are very small - from just 2ml - 5ml for sheep and just 5ml - 15ml for cattle so it is quicker, easier and cheaper to use.

Lamb doses start under 8p and ewes under 20p.

Calves are under 20p and cows under 60p.

We have the maximum levels of the core ingredients with no withdrawal. So Cobalt, Selenium and complimentary ingredients Vitamin B12 and Vitamin E, essential ingredients Vitamin A, B1, D3, Iodine, Zinc and Copper - the drenches come with and without Copper to tailor for the continental breeds.”

It seems there are many who agree.

Known fondly as “The Yorkshire Shepherdess” Amanda Owen has known Bryan for years and uses his Sheep and Cattle Drench and his Lamb Colostrum.

“The lambs have been positively beaming and skipping down the buildings. We have had such terrible weather but hand on heart I am dead impressed. There is not one I would want to hide of the yows and lambs, they all look very good.”

Willie Goldie. Bamford Farm, Ayr.

We are well chuffed with the Sheep & Cattle Drench – it works a charm. I bought some lambs at £54.00 and when I brought them home I drenched them. That was a month ago and I got £74.00 yesterday at market. They looked great and they’ve only had your drench. Also the cows took it no problem because the dose is so small. I haven’t got the best crush and nothing holds their head but they all took it fine. I’ve used all the drenches out there, the one’s everyone says are the best, but it’s nice to get something that works and is cheap to use.
