Maximising the value of your wool

Free haulage from all British Wool drop-off sites.

We understand that our members face increasing cost pressure, which is why all deliveries to British Wool drop off sites now benefit from **free onward haulage**. As a farmer co-operative owned by sheep farmers, everything we do is about adding value to British wool to maximise the returns to our members. We do this by efficiently collecting, grading and selling British wool, minimising price volatility and maximising returns.

We recognise that wool prices have been under pressure but, in these uncertain times, you know it pays to stick together. And, with our expanding network of collection sites, it has never been more convenient.
